Centre's fiscal deficit narrows to 6.4% of GDP in FY23: CAG

NEW DELHI: The Centre's fiscal deficit narrowed to 6.4 per cent of the GDP in 2022-23 from 6.71 per cent in FY22, as anticipated by Finance Minister Nirmala Sitharaman in her Budget in February this year. In the Union Budget, the government aimed to further bring down the fiscal deficit -- a key indicator of borrowing -- during the current financial year 2023-24 to 5.9 per cent of the gross domestic product (GDP). Unveiling the revenue-expenditure data of the Union government for 2022-23, the Controller General of Accounts (CGA) said the fiscal deficit in absolute terms was Rs 17,33,131 crore (provisional), marginally down from the amount projected in the Revised Estimates (RE) in the Budget. CGA said the government received Rs 24.56 lakh crore (101 per cent of cor-

The fiscal deficit in the first month of the current fiscal was 7.5 per cent of the Budget Estimate, up from 4.5 per cent recorded in April 2022

responding RE 2022-23 of total receipts during 2022-23. It comprised Rs 20.97 lakh crore tax revenue (Net to Centre), Rs 2.86 lakh crore of non-tax revenue and Rs 72,187 crore of non-debt capital receipts. Non-debt capital receipts consist of the recovery of loans and miscellaneous capital receipts. About Rs 9.48 lakh crore has been transferred to

state governments as devolution of taxes by the central government, which is Rs 50,015 crore higher than the previous year (2021-22). The CGA data further revealed that the Centre's total expenditure was Rs 41.89 crore (100 per cent of corresponding RE 2022-23), out of which Rs 34.52 lakh crore was on the revenue account and Rs 7.36 lakh crore on the capital account. Out of the total revenue expenditure, Rs 9.28 lakh crore was on account of interest payments and Rs 5.31 lakh crore towards major subsidies. As per CGA, the revenue deficit for the fiscal ending March 2023 was 3.9 per cent of GDP while the effective revenue deficit worked out to be 2.8 per cent of GDP. Aditi Nayar, Chief Economist and Head - Research and Outreach, Icr, said the gov-

ernment was able to restrict its FY2023 fiscal deficit at Rs 17.3 lakh crore, a shade below the FY2023 RE, with higher than estimated revenue receipts and a small undershooting in revenue expenditure, offsetting the disinvestment miss and a healthier than expected capex. "In FY2023, the government's net tax revenues reported a healthy growth of 15.2 per cent, amidst a 17.8 per cent contraction in non-tax revenues, 7.8 per cent increase in revenue expenditure, and a robust 24.2 per cent expansion in capex," she said. Meanwhile, another set of CGA data showed that the fiscal deficit in the first month of the current fiscal was 7.5 per cent of the Budget Estimate, up from 4.5 per cent recorded in April 2022. In absolute terms, the deficit was Rs 1.33 lakh crore. AGENCIES

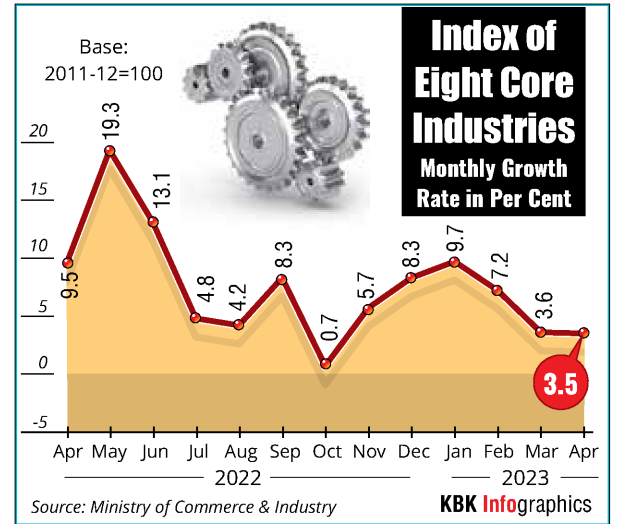

Govt to sell up to 3% stake in Coal India Ltd

NEW DELHI: The government on Wednesday proposed to sell up to three per cent stake in Coal India Ltd through the offer for sale route from June 1. The Offer for Sale (OFS) will be open for retail and non-retail investors on June 1 and 2. The proposal is to offload 9.24 crore shares amounting to a stake of 1.5 per cent in the coal producer. Besides, there will be a green shoe option for selling an equal amount of stake in case of over subscription, according to a regulatory filing. At the closing price of Rs 241.20 apiece on BSE on Wednesday, the sale of 3 per cent stake in Coal India would be worth around Rs 4,400 crore. PTI

Key infra sector growth slows down to 6-month low of 3.5%

MPOST BUREAU

NEW DELHI: The production growth of eight key infrastructure sectors slowed down to a six-month low of 3.5 per cent in April 2023 due to a decline in the output of crude oil, natural gas, refinery products and electricity. The core sector growth was 9.5 per cent in April 2022 while in March 2023 the key infra sectors recorded a growth rate of 3.6 per cent. The growth rate in April 2023 is the lowest since October 2022 when the sectors expanded by 0.7 per cent. Coal production growth declined to 9 per cent in April this year, according to the official data released on Wednesday.

Fertiliser production output by 11.6 soared by 23.5 per cent, cement output by 11.6 per cent in April, the data showed. steel by 12.1 per cent and

FAIFA writes to PMO, FinMin against WHO recommendation on tobacco

NEW DELHI: Farmer organisation Federation of All India Farmer Associations (FAIFA) has written to the Prime Minister's Office (PMO) and finance ministry against the WHO recommendation that alternative crops should replace tobacco as it contributes to global food crisis. In its representation to the PMO, finance ministry, commerce ministry and the ministry of health and family welfare, FAIFA has made a case that the recommendation of the World Health Organisation (WHO) is unscientific and there are no benefits of other crops replacing tobacco cultivation. Citing a study conducted by the Central Tobacco Research Institute (CTRI), the organisation said the previous attempt made in Andhra Pradesh for substitution to alternative crops like grams and paddy led to significant losses for the farmers in comparison to their previous earnings from tobacco cultivation. FAIFA, a non-profit organisation representing the cause of millions of farmers and farm workers of commercial crops across Andhra Pradesh, Telangana, Karnataka, Gujarat, requested the government that India should not implement the guidelines or recommendations made by WHO as these are "one-size fits all" solutions based on a western model of tobacco consumption. "They do not necessarily serve the purpose

of tobacco control or revenue enhancement in a country like India. Further, India being a large tobacco producer, the livelihood of millions will be affected due to such appeals without doing proper agro-climatic studies," FAIFA general secretary Murali Babu said in a statement. Apart from extreme tax policies, climate change is resulting in the decline of tobacco cultivation in India, it said, adding, the Tobacco Control Board, under the Ministry of Commerce and Industries, regulates tobacco cultivation and sets authorized production levels for each state. However, it said, due to the impact of climate change manifested through cyclones like Nivar and Pethai, floods and droughts, actual production has consistently fallen short of the authorised levels. Adani to raise \$3.5 billion

NEW DELHI: Billionaire Gautam Adani's conglomerate is looking to raise about USD 3 billion through an equity share sale to institutional investors in the boldest comeback strategy after the ports-to-energy group was hit by a damning report of a US short seller. While boards of Adani Enterprises Ltd - and electricity transmission company Adani Transmission Ltd have already approved raising up to Rs 21,000 crore (over \$2.5 billion) through share sales to qualified institutional investors, the board of Adani Green Energy Ltd is likely to do so for raising up to \$1 billion in the next couple of weeks, sources aware of the matter said. AGENCIES
